Times are changing and so are we. This past year some familiar faces moved on and new friends joined us. We have continued to expand what we can offer our community. Not only do we have hotspots, games, and laptops but we can now loan seeds, snowshoes, nature kits, and a thermal camera. One thing that will always stay constant, is that we strive to serve and work for our community. Thank you for all your support through the year. Let's continue to work together to help our community grow and change in the best possible ways.

Sincerely,
Rhiannon Leo-Jameson,
Director
